### **Market consultation No 51266 with subject: “Modernization of battery and rectifier of DG43 - DGS-2 - Cell VI and implementation of a parallel electrical connection between DC Board (DCB) V and Cell VI in DGS-2”**

Dear Sirs,  
thanks for your inquiry regarding the Market Consultation No 51266 with subject: “Modernization of battery and rectifier of DG43 - DGS-2 - Cell VI and implementation of a parallel electrical connection between DC Board (DCB) V and Cell VI in DGS-2”.

We would like to confirm that we are able to adhere to your Technical specification. The non-binding price indication excluding VAT for the delivery as specified in the ToR No. 22.P.TZ.277 is:

**1.500.000Eur**  
**(one-million-five-hundred-thousand Euro)**

Price basis is the year 2023. Price is based on the Framatome standard sales conditions.

We also would like to inform you that the delivery time after contract signature is roughly 16 months. In general, our warranty period is 12 Months after delivery and can be discussed at a later stage. The documentation to accompany the delivery will be the standard manufacturer documentation.

The basis for this budget indication are the Batteries from well-known manufacturers as HOPPECKE Batterien GmbH & Co. KG and the Rectifier from Framatome GmbH.

Our contact for your inquiries is:

Technical: Hakan Sahin, +49 160 90169118, [hakan.sahin@framatome.com](mailto:hakan.sahin@framatome.com)

Business: Martin Nano, +49 170 2227605, [Martin.Nano1@framatome.com](mailto:Martin.Nano1@framatome.com)
