Letter No: LTR-AMER-MKG-24-973

Opportunity No: 10130142

Subject: Westinghouse Budgetary Estimate for Reverse Engineering Turbine and Excitation Generator Spare Parts

Dear Customer:

Westinghouse Electric Company LLC is pleased to provide this estimate to Kozloduy NPP for the design, manufacture and supply of spare parts and materials analogous to the original ones, necessary for the implementation of the repairs on the 9,10GQ turbine generators and 9,10GE excitation generators operated at Kozloduy NPP Units 5 and 6. This letter is issued in response to market consultation request No 53845.

The proposed budgetary estimate for this opportunity is communicated in the table below:

Name	Safety class	Price, USD
Lot 1 - Main spare parts, gaskets and materials for turbine generator, type: TBB-1000-4Y3	Non-Safety	\$1,410,000
Lot 2 - Main spare parts for rotary rectifier of exciter, БВД 4600-1500AY3 type	Non-Safety	\$881,000
Engineering/Testing	-	\$811,000
	Total	\$3,111,000

Incoterms 2020 DAP

Schedule: Current estimated delivery is between 12 - 18 months ARO. A detailed schedule with milestones will be provided by Westinghouse upon request for firm fixed price offering.

Net 30 Payment Terms from date of invoice

The estimated price identified in this response to your request is for budgetary purposes only and does not form the basis of any valid offer from Westinghouse. If after reviewing this information you are interested in pursuing this purchase, Westinghouse would be pleased to provide you with a formal offer, including a specific technical description, commercial description, and appropriate terms and conditions.
