Dear Mrs. Dimitrova,

Based on the market consultation No. 52851 for the modernization of the polar cranes of the NPP Kozloduy, hereby please find our indicative offer in accordance with the technical requirements in document with title "Модернизация на полярни мостови кранове 5,6UQ00E01".

The total price for whole scope according to the technical requirements is: 23.930.000, - EUR without of VAT.

Execution of the works, included in the subject of the market consultation, will follow the requirements, described in the technical specification / terms of reference.

Duration of the main activities according to the technical specification will consider the required time frames regarding the submission and acceptance of a detailed design, based on given input data and following delivery of the equipment.

Installation works and commissioning will be carried within the periodical maintenance outages of both units and optimized to minimize the duration for which the polar cranes will be out of service.
